#### EXAMINER'S REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: None of the prior art of record teaches or discloses a projection optical system for forming a reduced image of a first surface onto a second surface, the projection optical system comprising a first reflective imaging optical system for forming an intermediate image of the first surface; and a second reflective imaging optical system for forming an image of the intermediate image onto the second surface;

wherein the first reflective imaging optical system includes a concave first reflector, a concave second reflector, a convex third reflector, and a concave fourth reflector successively as light enters from the first surface side, and the second reflective imaging optical system includes a concave fifth reflector, a concave sixth reflector, a convex seventh reflector, and a concave eighth reflector successively as light enters from the first surface side.

Regarding Terasawa reference, as applicant has perfected to claim for foreign priority, Terasawa is no longer available as a prior art. Also, Terasawa discloses that the intermediate image is formed between the sixth and the seventh mirror, which means only the seventh and the eight mirror of Terasawa are included in the second reflective imaging optical system.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Peter B. Kim whose telephone number is (571) 272-2120. The examiner can normally be reached on 9:00 AM - 5:30 PM.
